Vietnam's stock market recorded an average daily trading value of

US\$1.1 BILLION

by the end of 2025.

Vietnam exceeds target of

11 MILLION SECURITIES ACCOUNTS

in 2025, up 27.7% year on year.

The total value of listed and registered securities

reached **2,768 TRILLION** VND, an increase of 2.5% compared to the end of 2025.

MARKET OUTLOOK

2026: Nearly **100%** of securities transactions are conducted through digital trading platforms.

30-SECOND digital account opening enabled by eKYC technology

1.2+ MILLION AI-driven investor interactions during 2025-2026 period

These figures reflect the **strong momentum** and **expanding potential** of **Vietnam's securities market**. Rising **investor participation**, **increasing market liquidity**, and **growing capitalization** are opening new opportunities for **market innovation**, **investment growth**, and the **development of a more dynamic securities ecosystem**.

VIETNAM SECURITIES TECH SUMMIT 2026

ADVANCING THE SECURITIES MARKET WITH DATA AND SECURE DIGITAL INFRASTRUCTURE

Vietnam Securities Tech Summit 2026 brings together regulators, stock exchanges, securities firms, technology leaders, and fintech innovators to address key priorities shaping the future of Vietnam's securities market. The event promises valuable insights to create a more resilient, transparent securities ecosystem.

The exhibition, featuring leading technology providers and financial solution innovators, will showcase a diverse range of next-generation platforms and solutions. It offers a unique opportunity for industry stakeholders to connect, collaborate, and collectively shape a smarter, more resilient, and future-ready securities market.
